Not Sure What You Want to Do in the Future?

- How to “cover your bases” and “keep your options open?”
- This means getting good grades to keep options open. Taking a difficult subject and getting below average **does NOT** keep options open.
- Try the **personality surveys** in **myBlueprint** to see what you might be good at!

The left sidebar contains navigation links: Home, Who Am I (highlighted with a blue arrow), High School, Post-Secondary, Work, Money, Guides, and Favourites. Do you remember what you read? Are you good at remembering names? Each of us has a different learning style. What's yours?' and includes a 'View Report' button. The right sidebar shows a 'Progress' section with a list of completed surveys: Learning Styles, Personality, Interests, Knowledge, and Motivations, each marked with a green checkmark. Compatibility is marked with a blue circle containing the number 6. A message at the bottom states: 'Great Job! You've completed all of the Who Am I surveys.'
